The Wisconsin Information Management System (WIMS) is used by JTPA programs to manage program data. JTPA requires program providers to signify and track all nontraditional training services and employment outcomes on the WIMS system.

Included in this section is a copy of the Status Change/Termination Notice (SC/TN) with areas marked for NTO data collection. Any qualifying individual enrolled in NTO Pre-Employment Programming in the Dane County area will be enrolled into JTPA. If the individual with whom you are working is not enrolled in a JTPA program, please feel free to disregard this section.
